SERVICE OFFERINGS -DOCUMENT MANAGEMENT

Title Search

Complete and accurate title reports for any situation. We offer full and limited searches, including property reports, chain of title, open mortgages only, judgments, liens, UCC, document retrieval, tax information or whatever you require for a particular transaction.

Typing work

All the typing related work in any format will be completed at very cost effective rates, with a faster turnaround time. We support (Data entry, Data editing, Data mining, Data conversion, form filling (Auto/Title) and Textbook digitization) at this time.

Title Commitment/Binder

Our professionals will perform a detailed review and research of the title search to determine the status of ownership and any conditions affecting title to the property. A title detailed document will be issued showing all liens, mortgages and encumbrances to be addressed in the issuance of a final title policy.

- **Ziconsys** provide excellent service and maintain outstanding quality on our deliverables for the orders we receive from our customers.

- We have an offshore team fully equipped and sufficiently staffed to ensure prompt response to our customer needs.
- We are very reliable and maintain high standards to keep our customers happy.
- We are competitive on our pricing and we have been in market space for 3+ years.

Coverage and Insurance

We support orders from almost all the US states and most of the counties in each state which are online. If there is any exception the above, we will notify immediately up on receipt of the order. We carry E&O insurance worth 1 million for Title insurance coverage.

BPO

We do all our production from our offshore office in India and hence we are able to keep the cost as low as we can and thereby bring higher quality outputs and within desired time frame. We have more than 3 years experience in Title abstraction, and data management projects.
